

Parent Tip #2

Get to know your teen's friends,
and their parents.

21 reasons

to prevent underage drinking.

Tip #2: Network

One of the most important protective factors for your teen is to get to know their friends, and their friends' parents. **Share your rules and expectations with them.** Talking and sharing information about your teen's plans with other parents can help prevent your teen from making risky decisions.

21 Reasons can provide trained facilitators to host a **Table Talk** for parents in your home or community setting to help get the conversation going on this often sensitive topic.
